# Aperitif

The history of the aperitif is a journey through the centuries of sophistication and elegance. Originating in ancient Rome, it was used to stimulate the appetite and open the senses to food. In the 19<sup>th</sup> century, the aperitif flourished in France and Italy, where it became a symbol of conviviality and enjoyment. Today, the aperitif is a ritual experience that invigorates the senses and prepares the enjoyment of the meal.

*"I drink champagne when I'm happy and when I'm sad. Sometimes I drink it when I'm alone, and when I have company, it's a must. When I'm not hungry, I use it to whet my appetite, and when I'm hungry, I enjoy it. Otherwise I don't touch it unless I'm thirsty." - Madame Lily Bollinger October 17, 1961*
